Garrison Hints Ouster Move

NEW ORLEANS, May 15 (AP) — District Attorney Jim Garrison says he will seek a third term unless the Federal Government can "fabricate" a case against him to have him removed. Mr. Garrison, first elected District Attorney in March, 1962, disclosed his plans last night at a meeting in the offfice of Assessor James E. Comiskey. He declined to elaborate on what he said were Government efforts to oust him from office, saying it would "involve too much speculation."
